

## 2019 Field Meetings

The Yorkshire Naturalists' Union runs regular field meetings to record marine and coastal wildlife at sites along the Yorkshire coast. These trips are a great way to learn and practice species identification and survey skills, while gathering valuable information to help conserve our marine wildlife and habitats. Everyone is welcome!

This year we are happy to be supporting the **Capturing our Coast** seashore bioblitzes.

### 23<sup>rd</sup>-24<sup>th</sup> March: Seaweed ID at Flamborough

A two day course led by Dr Jane Pottas focussing on seaweed identification on the shore and in the classroom at Yorkshire Wildlife Trust's Living Seas Centre. Cost £40 per person. For further details and booking contact Paula Lightfoot on the e-mail below.
